

In partnership with

REACHED THE LIMITS OF YOUR CURRENT LMS?

Totara Learn is an industry-leading and flexible learning management system (LMS) that gives organisations the freedom to learn.

KEY BENEFITS

FLEXIBLE LEARNING

Totara Learn is a learning management system (LMS) that allows learners to quickly and easily access all of your content—videos, SCORM or AICC e-learning packages, webcasts, PDFs, question banks and more—alongside instructor-led training to deliver powerful blended learning experiences.

TALENT EXPERIENCE PLATFORM

Connect Totara Learn with Totara Engage, a user-centric learning experience platform and Totara Perform, a comprehensive performance management system, to create a seamless learning, performance management and employee engagement experience.

OPEN PLATFORM

Totara Learn brings the benefits of open technology to corporate learning. With no software licence fees and complete access to the source code, you can tailor our best-of-breed LMS to your own requirements.

INNOVATION NETWORK

With Totara Learn, you have access to a wealth of expertise and value-added services via Totara's global Partner network. This means there is always a partner available that best suits your organisation and can help you get the most out of your learning technology investment.

KEY FEATURES

Easy-to-use, responsive interface means your people can access the full power of Totara Learn on all devices, while the visual theming can be fully branded to create an intuitive design and interface for your users.

Dynamic audiences allows you to automatically provide users with personalised navigation and a targeted learning experience.

Learning plans for every learner, based on job roles and associated competencies, providing streamlined access to relevant learning and tracking.

Instructor-led training with offline or virtual-based training management, self-service and manager approval booking and attendance tracking.

Customisable learning catalogue to display the right learning at the right time for every user.

Competency frameworks enable curriculum planning, learner pathways and developmental needs analysis. Link skills to employees or extended enterprise learners based on position and organisation.

A native mobile app provides learning on-the-go and offline learning through a branded and intuitive interface.

Track and manage compliance with automated certification and recertification management. Send reminders to learners and managers to undertake retraining to ensure safety and compliance.

Adaptive learning allows you to create custom learning pathways for different user groups and deliver targeted, relevant learning.

Organisation and position hierarchies allow you to track specific competencies, assign learning and automatically filter reports.

Sophisticated assessment engine allows you to create assessments from question banks and track scores and completion analytics.

Multitenancy functionality enables you to create an extended enterprise solution and optionally distribute user administration responsibilities across different teams.

Award and reward learners with customisable certificates and badges and motivate learners with a portable record of their achievements. Introduce an element of gamification to your learning programs.

Flexible reporting with personalized dashboards, custom and graphical reporting, completion tracking and scheduling and exporting of results helps you ensure compliance. Assign reports to team or divisional managers.

Protect your users' data rights with full General Data Protection Regulation (GDPR) compliance and multilingual site policies.

Built-in HR import functionality enables you to integrate with HR, CRM and other systems to keep all data in one place, simplify the user experience and optimise workflows.
